

# I know what you did last summer...

03/09/2103 - 16/09/2013

**Most of you had the opportunity to travel abroad or into your country last summer. You certainly had a lot of fun and it would be great if you could encourage other students to travel over there, too.**

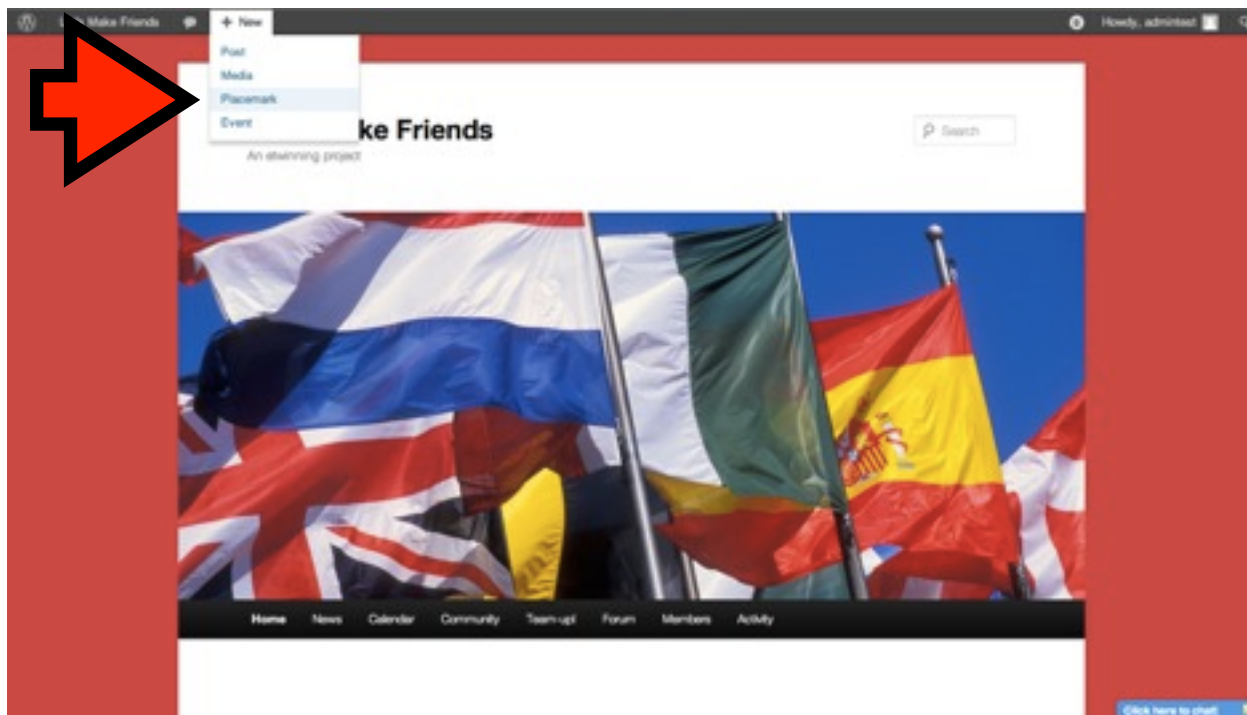

**Write a presentation, an advertising or an invitation of approximately 80 words to convince other students to visit the place you went to this summer.**

## **1) Show the place you went to on the map and comment about it.**

Connect on <https://letsmakefriends2.dogbane.be>

Log in with your username and password.

In the upper-left corner of the page, mouseover «+ New» and select «Placemark».

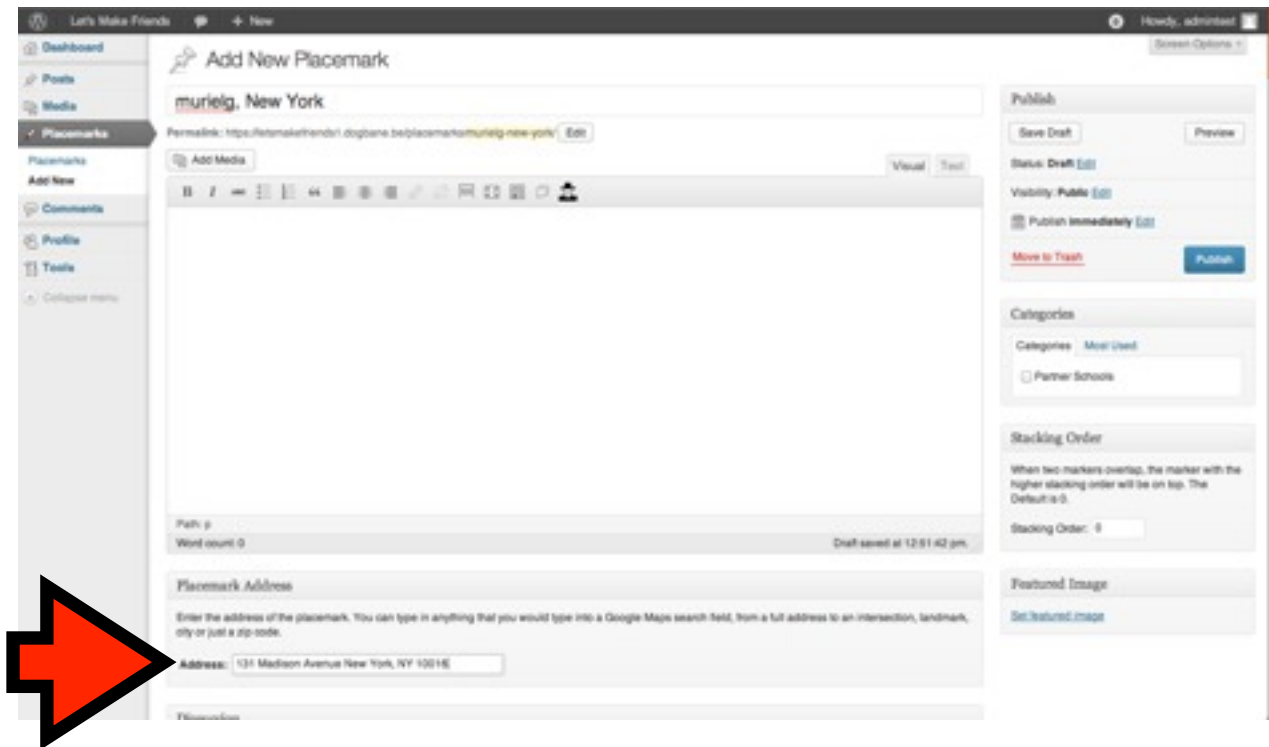

Enter a title: your username, the place you visited this summer (ex: murielg, New York)

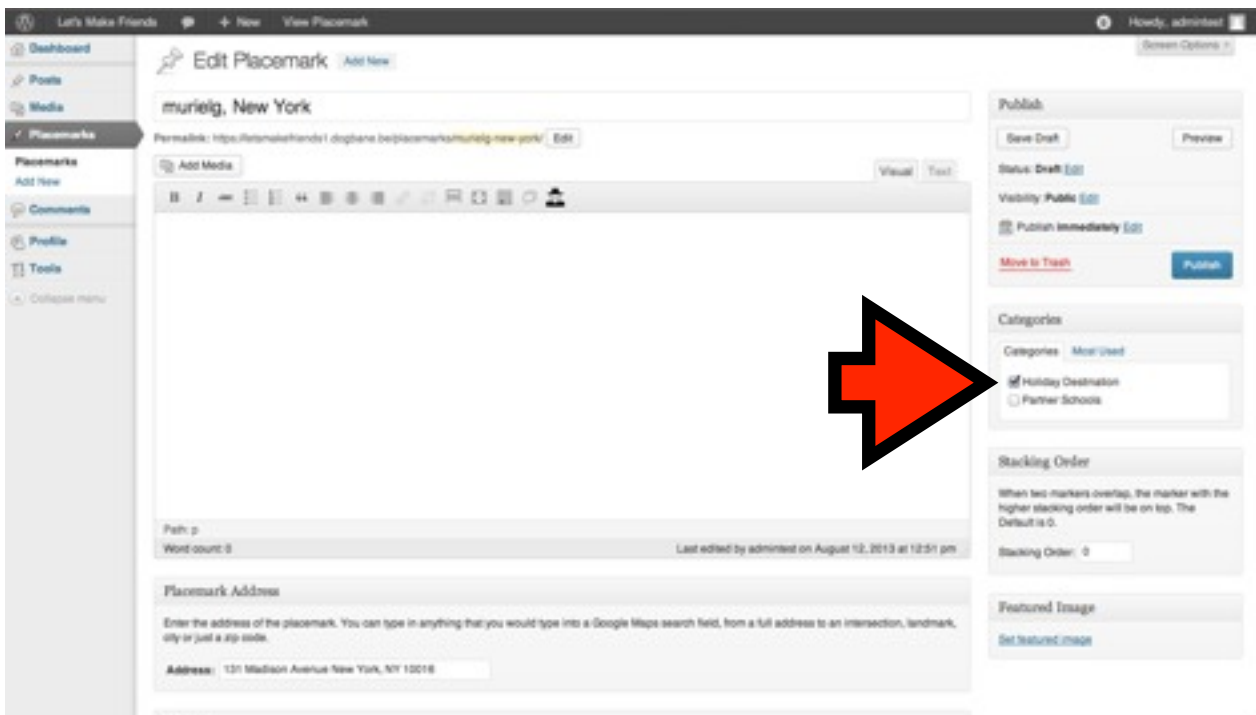

Write your 80-word text.

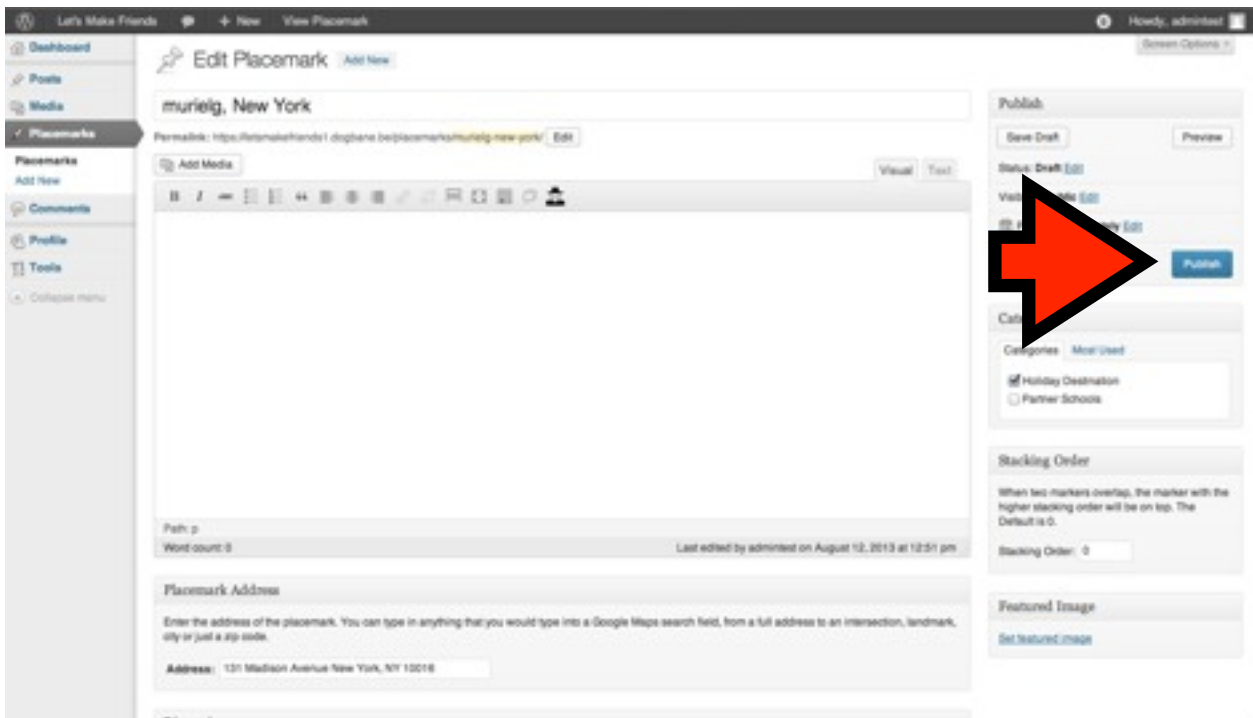

Enter the exact address where you stayed in the address field.

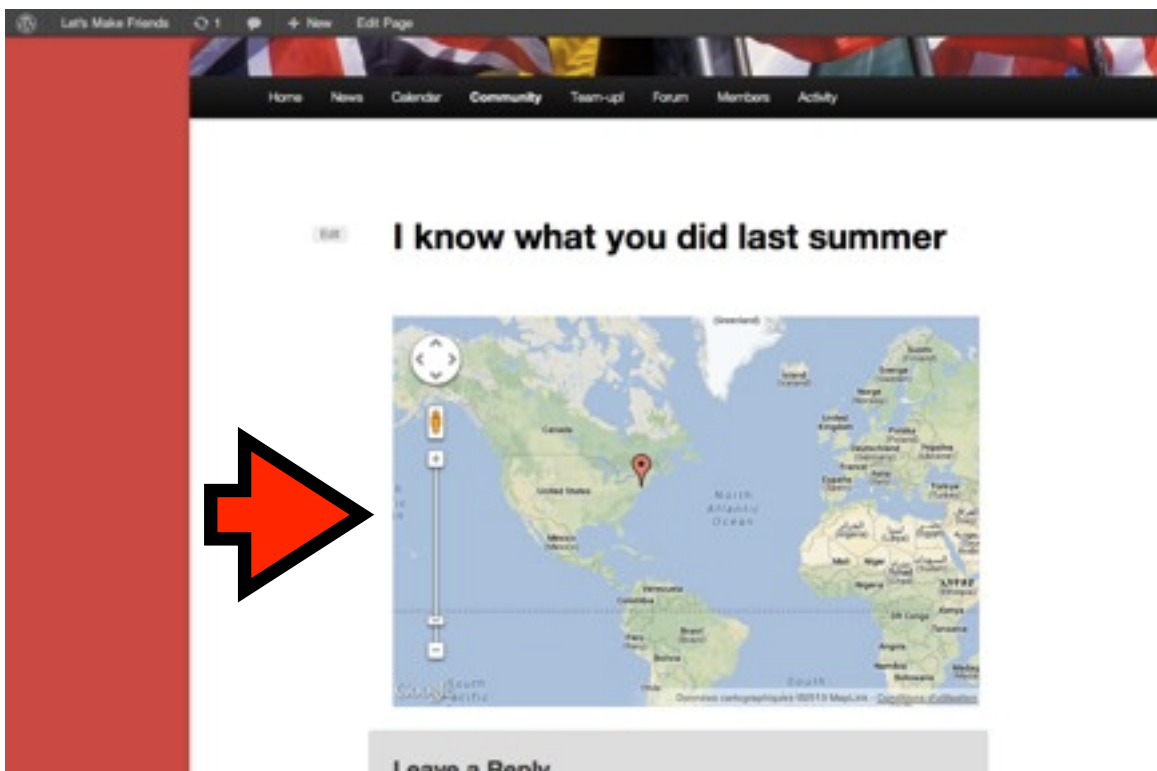

In the right side column, select the category «Holiday Destination».

Press the blue button «Publish».

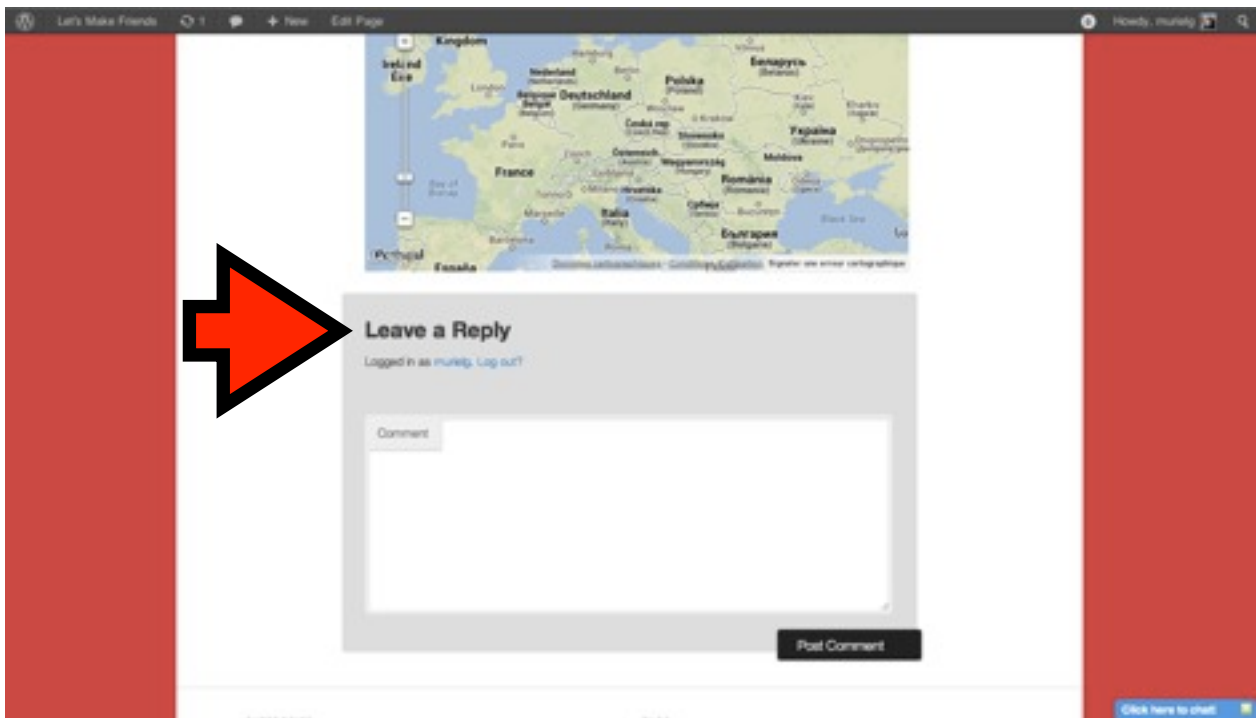

Now you can check the page «I know what you did last summer» in the «Community» menu and explore the map.

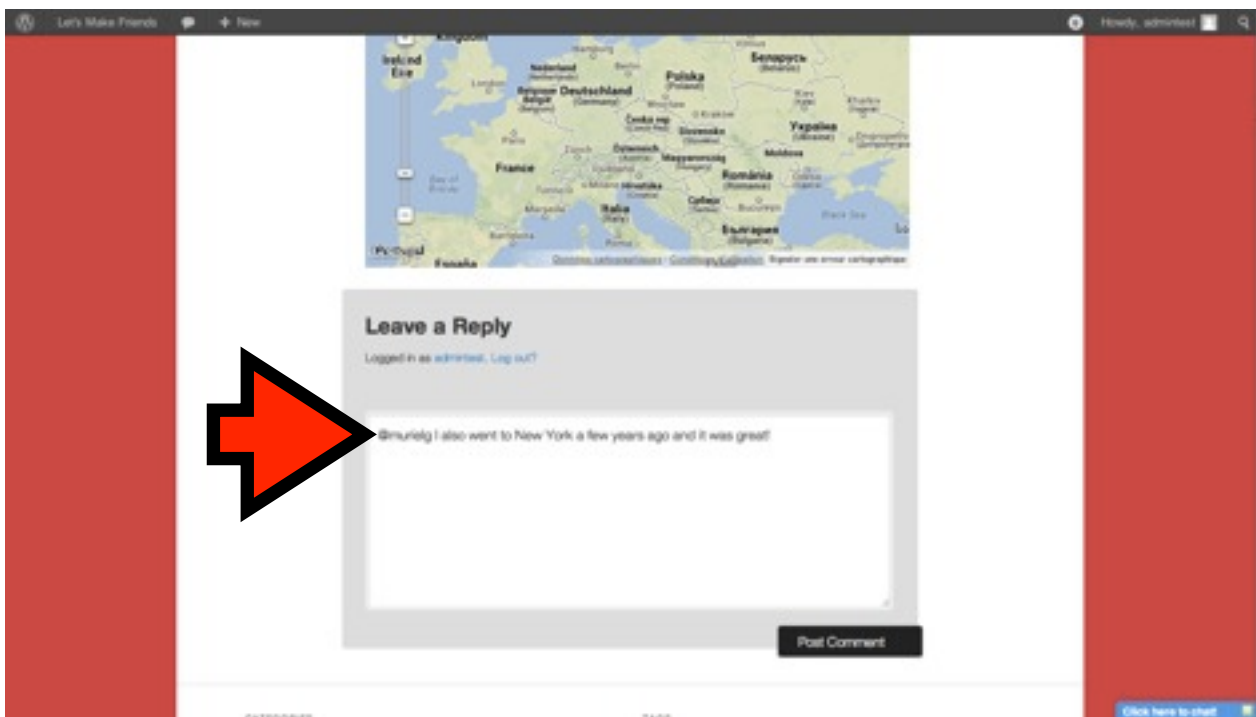

**2) Comment about 10 other students' holiday destinations**

On the page «I know what you did last summer» in the «Community» menu, Choose any destination on the map (zoom in, zoom out, explore the map) and click on the placemark to read about it.

If you have something to say, scroll down the map and leave a reply.

Start mentioning the person you address the comment to (@username, ex: @murielg). The username should be in the title of the placemark.

Write your text in the comment field.

Press the black button «Post Comment».
