

Cahier d'activités autonomes n°8

$1 + 1 = \dots\dots$

$2 + 2 = \dots\dots$

$3 + 3 = \dots\dots$

$4 + 4 = \dots\dots$

$1 + 0 + 2 = \dots\dots$

$5 + 5 = \dots\dots$

$4 + 1 + 3 = \dots\dots$

$2 + 6 = \dots\dots$

$1 + 7 = \dots\dots$

$8 + 2 = \dots\dots$

$5 - 1 = \dots\dots$

$7 - 0 = \dots\dots$

$8 - 8 = \dots\dots$

$3 - 1 = \dots\dots$

$8 - 2 = \dots\dots$

$7 - 3 = \dots\dots$

$8 - 4 = \dots\dots$

$6 - 3 = \dots\dots$

$20 + 7 = \dots\dots$

$10 + 5 = \dots\dots$

$30 + 1 = \dots\dots$

$20 + 4 = \dots\dots$

$10 + 8 = \dots\dots$

$20 + 9 = \dots\dots$

$10 + 8 = \dots\dots$

$30 + 9 = \dots\dots$

$10 + 10 + 5 = 25$

Four boxes for ten-frame activities:

- Box 1: 3 orange sticks, 3 blue dots. Ten-frame shows 1 and 3.
- Box 2: 2 orange sticks, 5 blue dots. Ten-frame shows 2 and 3.
- Box 3: 3 orange sticks, 2 blue dots. Ten-frame shows 2 and 3.
- Box 4: 2 orange sticks, 7 blue dots. Ten-frame shows 2 and 3.

Four boxes for dot patterns:

- Box 1: 2 rows of 3 dots, 2 dots below. Ten-frame shows 2 and 3.
- Box 2: 2 rows of 4 dots, 2 dots below. Ten-frame shows 2 and 3.
- Box 3: 3 rows of 3 dots, 2 dots below. Ten-frame shows 2 and 3.
- Box 4: 2 rows of 4 dots, 2 dots below. Ten-frame shows 2 and 3.

21 29 15 25 12 21 19 20

27 17 28 23 12 11 23 13

Two rows of addition problems:

- Row 1: $4 = 1 + \dots$, $5 = 2 + \dots$, $3 = 0 + \dots$, $4 = 0 + \dots$, $5 = 1 + \dots$
- Row 2: $3 = 3 + \dots$, $4 = 2 + \dots$, $5 = 0 + \dots$, $6 = 5 + \dots$, $6 = 3 + \dots$

Three beetles with math problems below them:

- Beetle 1 (8 dots): $8 + 2 = 10$
- Beetle 2 (3 dots): $3 + \dots = 10$
- Beetle 3 (4 dots): $4 + \dots = 10$

	1	2	3				7	8	9
10	11				15	16			19
20			23	24			27	28	
30		32		34				38
